Trychelle Kingdom, a previous Moruya High student, has gone on to become a first class athlete. She has represented Australia in the IAAF World Junior Championships in Poland in 2008 where she came 7th in the women’s 800m finals and 3rd in the 4x400m relay, winning an IAAF Bronze Medal. She is hoping to represent Australia in the 2010 Commonwealth Games being held in India and hopefully she will make an appearance in upcoming Olympics.

Trychelle has also been an ambassador for the Youth Olympics last year and competed at a national level for Touch Football.

In 2008 Trychelle was plagued with physical problems due to growth. This year she is making her way back into the competitive athletics world. Trychelle has been inspired by her supportive family, and great sporting heroes such as Lance Armstrong and she always strives to achieve her personal best. Her fastest time for the 800m is 2:05:36 which she achieved in Sydney last year.
